BASIC FACTS

About Wisconsin's Elementary and Secondary Schools 1980-81

Budget restrictions have made it necessary to publish this report in two forms, the "short form and the "detail" form.

The "short" form contains summary tables and samples of the detailed (by district) tables. The summary tables in the short form display statistics relating to schools on a statewide basis. The aggregates, averages, percentages, analyses, etc., refer to the entire state. The initial distribution of the short form will be to all school districts without charge. Limited additional copies available on request.

The "detail" form contains all of the summary tables included in the short form in addition to the complete data tables (by district) on "Student and Staff Data", "Distribution of Wisconsin Public School State Aid Dollars for 1979-80", "General School Aid Eligibility for 1980-81", and "Annual School Cost/Member". The detail form is available from the Publications Section, Department of Public Instruction, 125 South Webster Street, Madison, Wisconsin, 53702. The cost is $5.00 per copy. A cross-reference list of alternative names for school districts is provided on the next page.

ALTERNATIVE NAMES FOR SCHOOL DISTRICTS

Wisconsin's 433 school districts are listed in the various sections of this publication in alphabetical order by a shortened form of the legal district name. However, because many school districts are also known by other, less formal names, you may not be able to locate the district in the place where you are looking for it. This cross-reference list should help.

SECTION A - STATEWIDE STATISTICAL SUMMARY TABLES

Statewide Summary Tables in Section A are compiled from detail information reported by local school districts and private schools each year. Statewide averages and summaries provide local school districts and other states a base for comparison purposes. Definitions of terms are provided in Section F (Glossary of Terms and Definitions).

If you have questions about the statewide summary tables in Section A, please contact Don Russell (608) 266-1746 or Roland Rockwell (608) 266-2840 of The Financial Aids Services Division of The Wisconsin Department of Public Instruction.

GENERAL SCHOOL AID ELIGIBILITY FOR 1980-81

State totals shown in this table are based on budgeted figures submitted by the school districts, prior to the processing of cost-control appeals and adjustments. Aid payments are shown as being prorated down to 97% of the amounts generated by the formula, according to the law in effect at the time this publication went to press. However, the legislature may cause further changes to the distribution of aid indicated herein.

SECTION C - ANNUAL SCHOOL COST/MEMBER

"Complete annual school cost per member" information included in Section C of this report is retrieved from actual financial data on Annual Reports filed by school districts for the school years 1978-79 and 1979-80 and from estimated financial data on Budget Reports filed by school districts for the school year 1980-81.

These figures are intended for inter-district cost comparisons but cannot indicate the extent or quality of the educational program from one district to another. In general, it is expected that higher per-pupil costs can be at least partially attributed to increased educational offerings. The DPI encourages those desiring to compare costs to research the reasons for the cost differential and include this information in their publications.

The "per member" figures are based on "current membership". This term and others are defined in Section F (Glossary of Terms and Definitions).

If you have any questions about Section C or need additional information or clarification, please contact the Bureau for Aids Administration and School Finance Services of the Financial Aids Division of the Wisconsin Department of Public Instruction at (608) 266-2840.

SECTION D - DISTRIBUTION OF STATE AID DOLLARS

Aid payment information included in Section D of this report is retrieved from records of payments made to school districts by the Department of Public Instruction during the 1979-80 school year. Each of the aid programs is briefly described on the next few pages. Definitions of terms are provided in Section F (Glossary of Terms and Definitions).

Payments of equalization aid are based on budgeted figures for 1979-80 plus an adjustment for overpayment or underpayment of 1978-79 equalization aid. When actual receipts and expenditures for 1979-80 are finalized, the 1979-80 equalization aid will be recalculated, and an adjustment will be made to 1980-81 aid.

If you have any questions about Section D or need additional information or clarification, please contact the Bureau for Aids Administration and School Finance Services of the Financial Aids Division of the Wisconsin Department of Public Instruction at (608) 266-2840.

CURRENT MEMBERSHIP

Statutes 121.07 and 121.14 provide that the number of pupils in each school district will be determined by the number of pupils enrolled on the third Friday in September (counting Kindergarten and handicapped pre-kindergarteners as half pupils) plus the average daily membership (ADM) equivalent for the preceding summer school. This quantity is called the "current membership" of the district. The current membership listed includes all pupils attending district schools, whether they are residents or non-residents.

GENERAL AID

Requirements

General aid for public elementary and secondary schools is determined under the provisions set forth in the statutes in the following statutes:

121.004	Definitions
121.07	General provisions; state aid computation
121.08	Payment of state aids; reductions
121.14	State aid for summer classes
121.155	General aid; cost controls.

The appropriation for the payment of such funds is found in Statute 20.255(1)(cc).

Membership

Statute 121.004(8) defines "membership" as the current membership or the average of the current membership for 1979-80 and 96.0% of the membership for 1978-79, whichever is greater. It is the membership, rather than the current membership, which is used in general-aid computations in 1979-80. For aid purposes, only resident pupils are counted in membership.

Equalization

provisions of Statute 121.06, the Department of Revenue annually Under mines, on a uniform basis, the property values (called "equalized dete tions") of each school district in Wisconsin. For the 1979-80 valu l year, the equalized valuations of 1978 were used in computing schoo al aid.
gener

possible to determine the tax base available for the education It is ch child by dividing the district's equalized valuation by its of e rship. The resulting equalized valuation per member varies memb y, from a low of $48,614 to a high of $374,388 for districts wide ing grades kindergarten through 12 in 1979-80. If the local offe base were the only source of revenue available to local school tax icts, the quality of education would likewise vary widely, de- disting on the ability of local districts to raise property taxes pend the schools.

aid

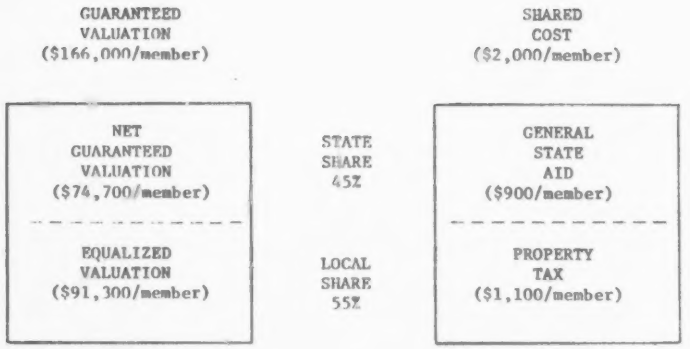
Cost-Sharing

ute 121.07 defines "shared cost" as:
Stat

> ...the sum of the school district general fund operational cost and the annual capital outlay, minus the operational receipts, plus the principal and interest payments on long-term indebtedness for the current school year. The sum of the principal and interest payments on long-term indebtedness included in shared cost shall not exceed $90 per member.

ool districts establish their own educational programs, responding Schlocal needs and desires. The level of the educational program de- to ines the level of spending, that is, the shared cost. The state ters as a partner in funding the shared cost, paying general aid on actequalization basis as described above.
an

pose, for example, that a district has a shared cost of $2000 Sup pupil and an equalized valuation of $91,300 per pupil. The peralized valuation is 55% of the state-guaranteed valuation per equil ($166,000), so the district will pay 55% of its shared cost pupl00) itself. The remaining 45% ($900) is paid by the state in ($1 form of general aid. The following diagram illustrates how the state and the local district each contribute a portion of the theranteed valuation per pupil (the state's portion is called the gust guaranteed valuation"), and how each contributes a correspond- "ne amount of the shared cost.
ing



The formula for general state aid is as follows:

$$\text{General State Aid} = \text{Shared Cost} \times \frac{\text{Net Guaranteed Valuation}}{\text{Guaranteed Valuation}}$$

For the example above, this would work as follows:

$$\text{General State Aid} = \$2{,}000/\text{mem} \times \frac{\$\ 74{,}700/\text{mem}}{\$166{,}000/\text{mem}}$$

$$= \$2{,}000/\text{mem} \times 45\% = \$900/\text{mem}.$$

Because the ratio of the net guaranteed valuation to the guaranteed valuation can be expressed as a percent, the above formula is often called the "percentage method" of computing aid.

The same computation can be performed in a slightly different fashion:

$$\text{General State Aid} = \frac{\text{Shared Cost}}{\text{Guaranteed Valuation}} \times \text{Net Guaranteed Valuation}$$

$$\text{General State Aid} = \frac{\$\ 2{,}000/\text{mem}}{\$166{,}000/\text{mem}} \times \$74{,}700/\text{mem}$$

$$= 0.01205 \times \$74{,}700/\text{mem} = \$900/\text{mem}$$

The number 0.01205 in the above computation is called a "levy rate". In this case, it represents a tax of $0.01205 or 12.05 mills per dollar of equalized valuation. (A mill is 1/1000 of a dollar or 1/10 of a cent.) For this reason, the levy rate is sometimes called the "mill rate". While either the percentage method or the levy-rate method of computing state aid will produce the same results, the levy-rate method is the one specified by law.

It is interesting to note that the levy rate is based solely on the district's spending level (the shared cost per member) and the guaranteed valuation. This situation gives rise to the general rule that districts which spend at the same level will tax at the same rate.

It is also interesting to note that the same levy rate may be applied to the three valuations discussed above to produce the corresponding amounts of money:

Guaranteed Valuation	x	Levy Rate	=	Shared Cost
$166,000/member	x	0.01205	=	$2,000/member
Equalized Valuation	x	Levy Rate	=	Property Tax
$91,300/member	x	0.01205	=	$1,100/member
Net Guaranteed Val.	x	Levy Rate	=	General State Aid
$74,700/member	x	0.01205	=	$ 900/member

That is, the state applies the same levy rate to its share of the guaranteed valuation as the district applies to its own equalized valuation. Together, the state and the district form a partnership to support the education of public elementary and secondary pupils in Wisconsin.

Two Levels of Sharing

Up to this point, only one guaranteed valuation has been discussed. However, the law provides for two levels of state support and therefore two guaranteed valuations -- one for "low" costs and one for "high" costs. The $166,000 per pupil mentioned above is the guaranteed valuation for "low" or "primary" costs -- that part of the shared cost which falls below a ceiling equal to 110% of the previous year's state average shared cost per pupil. Since in 1978-79 the state average shared cost was $1855 per pupil, in 1979-80 the primary cost ceiling is 110% of $1855 or $2041 per pupil. "Secondary" costs consist of the shared cost above the primary cost ceiling. Thus, a district which had a shared cost of $2200 per member would have a primary cost of $2041 and a secondary cost of $159. The examples used previously involve a shared cost of $2000 per member, which is below the primary cost ceiling. In such a case, the district would have only primary costs, no secondary costs.

Just as the guaranteed valuation of $166,000 per member applies to the primary cost, so there is a secondary guaranteed valuation per member which is applied to the secondary cost. According to Statute 121.07, the secondary guarantee is equal to the state-average equalized valuation per pupil rounded to the nearest hundred dollars. During 1979-80, the value $100,400 was used as the secondary guaranteed valuation per member.

The secondary guarantee is applied in just the same way as the primary guarantee. The secondary shared cost, divided by the secondary guarantee, produces a secondary levy rate. When the secondary levy rate is applied to the district's equalized valuation, it produces a property tax to help offset the secondary cost. For example, if a district had an equalized valuation of $91,300 per member, as in previous examples, but had a shared cost of $2200 per member, it would have a secondary cost of $159 per member. Its secondary state aid would then work out as follows:

$$\text{Secondary Aid} = \frac{\text{Secondary Cost}}{\text{Secondary Guarantee}} \times \text{Secondary Net Guaranteed Val.}$$

$$= \frac{\$ \quad 159/\text{mem}}{\$100,400/\text{mem}} \times \$9,100/\text{mem}$$

$$= 0.00158 \times \$9,100/\text{mem} = \$14/\text{mem}$$

This amount would be in addition to $919 per member in primary aid, worked out as described earlier. Thus, the district would receive a total of $933 per pupil in state aid and would have to raise the remaining $1267 per member itself. To do so would result in a levy rate of 13.88 mills.

$$\text{Levy Rate} = \frac{\text{Property Tax}}{\text{Equalized Val.}} = \frac{\$ \ 1,267/\text{mem}}{\$91,300/\text{mem}} = 0.01388$$

Not surprisingly, this is the same value produced by adding together the primary and secondary levy rates of 0.01230 and 0.00158 respectively. Therefore, the general rule continues to hold true: districts which spend at the same level will tax at the same rate.

There is an aspect of secondary aid which deviates from the corresponding treatment of primary aid, though. A district with an equalized valuation of $115,000 per member and a shared cost of $2200 per member would have a primary aid of $627 per pupil partially offset by a negative secondary aid of $23 per pupil, for a total aid of $604 per member. Note, though, that its tax rate will continue to be the same as all the other districts which are also spending $2200 per pupil.

UHS and Elementary Districts

There were 433 school districts in Wisconsin in 1979-80. Of that number, 373 operated grades kindergarten through 12. Another 10, called union high school (UHS) districts, operated only grades 9 through 12. The remaining 50 districts are called elementary districts. They operated grades kindergarten through 8 and lie within the same area served by the UHS districts.

Each type of district has its own guarantees as indicated in the table below:

TYPE OF DISTRICT	PRIMARY GUARANTEE	SECONDARY GUARANTEE	PRIMARY CEILING
K-12	$166,000	$100,400	$2041
UHS	$498,000	$301,200	$2041
K-8	$249,000	$150,600	$2041

Aid Adjustments

The statutes provide for aid to be paid during the school year on the basis of budgeted school expenditures, as reported by districts on the Budget Report (due October 1 of each year). Then, when actual receipts and expenditures are known and reported on the Annual Report (due August 1 each year), the aid is recomputed and an adjustment is made for overpayment or underpayment. Figures reported in this booklet include adjustments made for the 1978-79 school year. Adjustments made for 1979-80 payments will be made in 1980-81 and will involve not only actual receipts and expenditures but also refinements of the primary ceilings and secondary guarantees based on more recent information.

TYPE OF DISTRICT	PRIMARY GUARANTEE	SECONDARY GUARANTEE	PRIMARY CEILING
K-12	$166,000	$100,900	$2028.73
UHS	$498,000	$302,700	$2028.73
K-8	$249,000	$151,400	$2028.73

INTEGRATION AID

The authorization for state aids to districts for pupil transfers resulting from a plan to reduce racial imbalance (inter- or intra-district) is found in Subchapter 6 of Chapter 121 of the statutes. The appropriation is listed under Statute 20.255(1)(cc). The integration plan outlined in Subchapter 6 involves transfers of minority (nonminority) students from a school where at least 30% of pupils enrolled are minority (nonminority) to a school where less than 30% of pupils enrolled are minority (nonminority). In the case of intra-district integration transfers, each transferred pupil is weighted at 1.325 in the general-aid formula, and the additional aid generated is integration aid. In the case of inter-district transfers, the district of residence continues to count the pupil as 1.0 for general-aid purposes (which is not integration aid), and the district of attendance is paid state aid amounting to approximately the cost of educating each transferred pupil.

SPECIAL ADJUSTMENT AID

Special adjustment aid is paid under the provisions of Statute 121.10, with the appropriation listed under Statute 20.255(1)(fs). Statute 121.10 provides that a distirct's aid will be increased by an amount equal to 50% of the difference between state aid received in the previous school year and the amount computed under Statute 121.08 for the current school year, if the district meets the following conditions:

(1) It suffered an aid loss.
(2) Its change in equalized valuation per member for the current year over the previous year is more than the state average change.
(3) Its equalized valuation is less than the primary guaranteed valuation.
(4) Its secondary shared cost is less than 20% of its primary shared cost, if its equalized valuation is more than the secondary guaranteed valuation.

SUPPLEMENTAL AID

This type of aid is available to school districts which contain a tax-incremental area, as defined in Statute 66.46. The amount of this aid, as established under Statute 121.085, is the difference between the amount of general aid that would be paid using the full value of all taxable property and the amount that would be paid if the equalized valuation of the tax-incremental area were not allowed to exceed the value it had when it was created. The appropriation is found under Statute 20.255(1)(fo).

EXCESS TAX BASE LOSS REIMBURSEMENT

Excess tax base loss reimbursement is authorized under Statute 121.11 the appropriation is listed under Statute 20.255(1)(fk). This type of aid is available to school districts which suffer an excess loss in tax base due to fractional assessment of personal property under Statute 70.57(5). An "excess" loss is a reduction of property value exceeding 5.4% of the total property value of the district. The state pays to such school districts the amount computed by multiplying the excess tax base loss by the shared cost levy rate. In 1979-80, the state paid 100% of the amount computed. The percentage of the computed amount will decrease annually by 20% through 1983-84. No aid will be paid under this section after the 1983-84 school year.

TRANSPORTATION AID

State transportation aids are determined under the provisions of Statute 121.58; the appropriation is found in Statute 20.255(1)(fg).

School districts which furnish transportation to and from public and private schools are entitled to receive state aid at the following rates:

DISTANCE TRANSPORTED	REGULAR YEAR	SUMMER SCHOOL
0-2 miles (hazardous area)	$12/pupil	-----
2-5 miles	$30/pupil	$4/pupil
5-8 miles	$45/pupil	$6/pupil
8-12 miles	$60/pupil	$6/pupil
12-15 miles	$68/pupil	$6/pupil
15-18 miles	$75/pupil	$6/pupil
over 18 miles	$85/pupil	$6/pupil

Distances are measured from the pupil's residence to the school attended, following the shortest commonly traveled route. Half payment is made for pupils transported less than 91 days (regular year) or 16 days (summer school).

In the 1979-80 school year, state aid was paid for about 493,960 children. However, school districts transported without benefit of transportation aid about 34,473 children who lived less than 2 miles from school. School districts are reimbursed on the number of children transported during the prior year. The 1979-80 state transportation aid is based on the number of children transported in the 1978-79 school year.

SCHOOL LIBRARY AID

(COMMON SCHOOL FUND)

The source of authority for the Common School Fund is Article 10, Sections 4 and 5, Wisconsin State Constitution, and Statute 43.70. The appropriation is found under Statute 20.255(3)(s). The income from the Common School Fund is distributed on the basis of the total number of children between the ages of 4 and 20 residing in the school district as of June 30 of the year before payments are made. (In cities, the census date is May 30, rather than June 30.) The total number of children so reported in 1979 was 1,218,868. This number was divided into the Common School Fund balance of December 1, 1979 ($3,607,376) to produce a per-capita payment of $2.95 rounded downward to the penny. When distributed at this rate, the school library aid amounted to a total of $3,595,661.

TUITION PAYMENTS

State payment of tuition for pupils is authorized under Statute 121.79:

> *121.79 Tuition payments by state. (1) The state shall pay tuition from the appropriation under S. 20.255(1)(zf) for children attending public schools in the following cases:*
>
> *(a) For children in children's homes.*
>
> *(b) For children of parents employed at and residing on the grounds of a state or federal military camp, federal veteran hospital or state charitable or penal institution.*
>
> *(c) For children, except children in foster or group homes, in the care, custody or control of the department of health and social services in such public schools as the department of health and social services designates in the best interests of children.*
>
> *(d) For children in foster homes, and beginning in the 1978-79 fiscal year, for claims incurred in the 1977-78 school year and thereafter, for children in group homes if:*
>
> *1. The foster or group home is located outside the school district in which the child's parent or guardian resides; and*
>
> *2. The foster or group home is exempted (from property taxation) under S. 70.11.*

DRIVER EDUCATION AID

The authorization for driver education aid is found in Subchapter 3 of Chapter 121 of Wisconsin Statutes; the appropriation is listed in Statute 20.255(1)(r), in which funds are transferred from the Highway Fund (chauffeur's license fees) to the Department of Public Instruction. The funds are used to encourage school districts to promote effective driver training programs. In 1979-80, school districts received $40 for each pupil who successfully completed the classroom and behind-the-wheel phases of the driver education program.

HANDICAPPED AID

There are 12 major areas of state support for school districts, counties, and CESAs providing special classes for handicapped children, depending on the handicap: hearing, vision, speech, educable mentally retarded (EMR), trainable mentally retarded (TMR), physically handicapped, special learning disabilities (SLD), emotionally disturbed, early childhood, school-age mother, special-education leadership, and homebound. Classes for physically handicapped provide treatment and therapy as well as academic learning. In addition, the state reimburses school psychologist and social-worker costs. The authorization for handicapped aid is found in Statute 115.88, and the appropriation is listed under Statute 20.255(1)(bd).

The reimbursement by the state is based upon the prior year's cost of services provided by the district, county, or CESA, including teachers' salaries, special books and equipment, psychometric services, and transportation. The plan of services for each class must be approved by the Division for Handicapped Services. The state reimburses approved program costs at the rate of 70%, except that school psychologist and social-worker services are reimbursed at 33-1/3%, 50%, or 70%, depending on the amount of time spent with handicapped children. Amounts paid to non-public agencies are not shown.

SPECIAL EDUCATION NEEDS GRANTS

(SEN)

Special educational needs (SEN) grants are made to public school districts and to non-public, non-profit, non-sectarian educational agencies for the education of pupils who have, or are likely to have, low levels of academic achievement, especially in relation to social and economic factors. This program is authorized under Subchapter 5 of Chapter 115; the appropriation is listed under Statute 20.255(1)(dd).

PRESCHOOL EDUCATION PROJECT

This project, authorized under Statute 36.25(16), serves to develop and test programs for preschool pupils who have, or are likely to have, low levels of academic achievement, because of social and economic factors. State aids, as determined under

Statute 121.12, are paid to three (one urban, one rural, and one semi-urban) public school districts or non-profit, non-sectarian agencies which are chosen to implement the model programs developed for this project. The appropriation is found under Statute 20.255(1)(fm).

BILINGUAL - BICULTURAL AID

A bilingual-bicultural education program is designed to improve the comprehension, speaking, reading, and writing ability of a limited-English-speaking pupil in the English language, so that the pupil will be able to perform ordinary classwork in English. Any school district operating such a program is eligible to receive state aid equal to 70% of the approved expenditures attributable to the program. The authorization for the program and aid is established in Subchapter 6 of Chapter 115 of the statutes, and the appropriation is listed under Statute 20.255(1)(bb).

MATCHING STATE SCHOOL LUNCH AID

Statute 115.34 authorizes the state to make payments to school districts for school lunches provided to children in the prior year. The payments equal the state's obligation to match federal aid under 42 USC 1751 et seq. The appropriation is found under Statute 20.255 (1)(fe). Amounts paid to non-public agencies are not shown.

ELDERLY FOOD SERVICE

Statute 115.345 authorizes aid payments for elderly food service. School districts operating an approved food service program for the elderly may be reimbursed at the rate of $1.20 per meal for reasonable costs incurred excluding capital equipment costs. The appropriation is listed under Statute 20.255(1)(fe).

SECTION E - ESTIMATED GENERAL SCHOOL AID ELIGIBILITY

General school aid eligibility information included in Section E of this report is retrieved from estimated financial data on Budget Reports filed by school districts for the school year 1980-81 and from equalized property valuations certified by the Wisconsin Department of Revenue for the calendar year 1979.

On each line, the "membership" includes a declining-enrollment increment. (This term and others are defined in Section F, Glossary of Terms and Definitions.) The "cost per member" and "aid per member" figures on each line represent the cost and aid on that line divided by the membership on that line. The "levy rate" on each line represents the cost minus the aid on that line, divided by the equalized valuation on that line, and multiplied by 1000 mills per dollar.

NOTE: Both the Legislature and the Supreme Court are considering actions which may affect the figures shown in this section.

If you have any questions about Section E or need additional information or clarification, please contact Roland Rockwell of the Financial Aids Division of the Wisconsin Department of Public Instruction at (608) 266-2840.

INTRODUCTORY COMMENTS

General aid is financial assistance to a school district which may be employed as the district sees fit, as opposed to categorical aid, which must be used for a specific purpose or category of program. In practice, general aid is paid on a current-year basis (IE, on the basis of the current school year's costs, receipts, and pupils), while categorical aid is paid on a reimbursement basis in the school year following the year in which the services were provided.

State aid will cover approximately 36% of annual school cost in 1980-81. General aid alone will cover 30% of the cost. The largest single form of general aid (indeed, the largest single appropriation in the entire state budget) is equalization aid, which covers 27% of the cost. Other forms of general aid include supplemental and special-adjustment aid, which are itemized within this section, and excess tax base loss reimbursement, which is not shown in this section.

Because the amount of money involved is so large, there is a great deal of interest in the data in this section. However, because general aid is paid on a current-year basis, the information contained herein is subject to constant change.

This leads to something of a dilemma: many people would like to see these figures, but, by the time this publication reaches them, the numbers are already at least partially obsolete and becoming more so as time goes by. We have tried to accommodate this situation by providing the data as desired, but by indicating as strongly as possible that these are not final figures. The following warnings indicate several possible ways in which these numbers will change.

WARNINGS

School districts file Budget Reports with the DPI at the beginning of each school year. As the year goes by, actual operating experience indicates that the budgets should be fine-tuned. Any fine-tuning which occurs after the date of the computer run shown in this section may change the cost and aid figures.

After the school year is over, school districts file Annual Reports showing actual expenditures and receipts. The DPI, under Statute 121.07, recomputes the general aid and adjusts the following year's aid for any overpayments or underpayments made on the basis of budgeted figures. This publication not only does not show what the adjustments will be for this year (which cannot be known until the Annual Reports are filed), it does not show any adjustments to be made for last year. This section deals with current-year eligibility only.

Several factors used in the aid formula are based on state averages for the current and prior school years. The DPI computes aid on the basis of estimated values for these factors. When the aid adjustments are made in the following year, revised values of the statewide factors are used.

After the school year is over, each district must have an audit of its accounts. The auditor may reclassify financial transactions in such a way as to affect the aids.

As of this writing, the legislature had established a 3% reduction in aid payments to school districts. That 3% reduction is reflected in these figures. However, the legislature is also looking at other proposals which may further alter the amounts shown.

Under Statute 121.155, school districts may not include in the cost subject to state sharing any amount in excess of cost controls under Subchapter 7 of Chapter 121. Therefore, all such amounts are shown in this section as "excess cost". However, Subchapter 7 also allows districts to request adjustments, file appeals, and conduct referendums to authorize the inclusion of all or part of the excess cost in the amounts to be shared. As this process goes on, costs and aids can be expected to change.

After reading all the above warnings, you may be left with the impression that these figures are next to worthless. Not so. They are substantially accurate, and they can also indicate where a district might end up after cost-control appeals, and they can also show rough comparisons between districts. But they are not final, and they are subject to change, and you should be appropriately cautious in using them.

STATEWIDE FACTORS

The following factors apply to all districts in the computation of general school aid.

Guaranteed Valuation per Member. The state, in Statute 121.07(7), guarantees a minimum tax base to support the education of each child in the state. The primary guarantees support costs up to the primary ceiling cost per member (described below), and are written into the law; the secondary guarantees support costs above the primary ceiling cost per member, and are defined in terms of the state average property value per pupil. Values by type of district are:

Primary	Type	Secondary
195,900	K-12	119,600
587,700	UHS	358,800
293,900	K-8	179,400

Primary Ceiling Cost per Member. Statute 121.07(6) defines this value as 110% of the prior year's state average shared cost per member. Using $2,040.91 as the 1979-80 figure produces:

$2,245

Debt Service Maximum Sharable Cost. The shared cost consists of the net cost of the general fund plus the net cost of the debt service fund of the school district. However, Statute 121.07(6)

places an upper limit on the amount of cost per pupil from the debt service fund subject to sharing. The limit is:

$90

Cost-Control Limitation. Statute 121.91(1) limits the growth in the controllable cost per pupil from one year to the next to:

10.5%

Minimum Allowable Cost Increase. Statute 121.91(1m) allows districts spending below the state average to increase their controllable cost per pupil from one year to the next by the above percentage times the state average controllable cost per pupil for the prior year. Using $1,971.43 as the 1979-80 figure produces:

$207

Cost-Control Membership Cutoff Point. For purposes of multiplying the allowable cost per pupil times the number of pupils, Subchapter 7 allows districts to use the average of the current- and prior-year pupil count, up to a point. That point, defined in Statute 121.90(2) as a percentage of prior-year membership, is:

102%

Declining-Enrollment-Increment Cutoff Point. For purposes of computing general school aid, districts are allowed to use a current-year membership which includes half of a membership loss (compared to the previous year) below a certain cutoff point. As defined in Statute 121.004(8), the DEI cutoff point is:

96.9%

State Average Valuation Growth Rate. One of the qualifying tests for special-adjustment aid under Statute 121.10 is that a school district's equalized valuation per member must be growing at a faster rate than the state average for districts of comparable type. By type of district, the figures are:

Type	SAVGR
K-12	1.18295
UHS	1.20017
K-8	1.22435

Proration Factors. Section 39 of Chapter 1 of the Laws of 1981 requires the DPI to prorate aids to school districts for several appropriations covered in this section. By appropriation, the proration factors are:

Appropriation	Factor
20.255(1)(cc) Equalization Aid	97.000%
20.255(1)(fo) Supplemental (TIF) Aid	97.000%
20.255(1)(fs) Special Adjustment Aid	97.000%

EXPLANATION OF COLUMN HEADINGS

SCHOOL COST is one of several types of expenditure made by a school district, as explained below under "Explanation of Line Headings".

COST/MEM for any given line is the school cost shown on that line divided by the number of members shown on that line.

STATE AID for any given line is the aid computed to share the cost shown on that line or as otherwise noted below under "Explanation of Line Headings".

AID/MEM for any given line is the state aid shown on that line divided by the number of members shown on that line.

LEVYRT for any given line is the school cost minus the state aid on that line, divided by the equalized valuation on that line, and multiplied by 1000 to produce a rate expressed in mills of tax per dollar of equalized valuation.

EQZD VALUATION is one of three figures reflecting the inclusion or exclusion of various types of property. For 1980-81, the 1979 equalized valuation was used. The first figure shown for any district reflects assessment of personal property at 100% of true value and inclusion of the incremental value above the base established for any tax-incremental-finance (TIF) district within the boundaries of the school district. The second figure reflects the value of personal property assessed at 50% of true value, but still includes any TIF incremental value. Some districts have a third value, which has personal property assessed at 50% and TIF increments excluded.

MEMBERS are pupils counted for state-aid purposes. The first figure shown for each district is the actual membership. It is the same as enrollment, with the following exceptions. (1) Membership counts pupils in the district of residence, rather than in the district of attendance. (2) Membership includes kindergarteners as half pupils; it also counts pre-kindergarteners with exceptional educational needs as half pupils. (3) Membership includes the average daily membership (ADM) equivalent for the 1980 summer session. (This is an amount adjusted to reflect the fact that summer school is in session for a shorter period than the regular school year.) Actual membership is counted on the third Friday in September. Many districts also have a second figure, the augmented membership. Augmented membership consists of actual membership plus a declining-enrollment increment (DEI) equal to half of the loss between the actual membership and 96.9% of the district's 1979-80 membership (itself including a DEI from 1978-79, which includes a DEI from 1977-78, which is when the DEI first started). Not shown in this section is the cost-control membership, which is usually the average of the current-year and prior-year actual membership, except that districts whose membership is growing use the current-year actual membership minus 1% of the prior-year actual membership if their growth rate exceeds 102%.

EV/MEM for any given line is the equalized valuation shown on that line divided by the number of members shown on that line. This is the figure compared to the primary and secondary guaranteed valuations per pupil to determine how well the district is able to finance its own costs.

EXPLANATION OF LINE HEADINGS

The first line for a school district gives the school district name and code number, the type of district (K-12, union high school [UHS], or elementary [K-8]), the date on which data for the district was last updated, the source of data for 1980-81, and the county code number and name.

PRIMARY cost is the part of shared cost which falls below the primary ceiling cost. The shared cost consists of the net cost of the general fund (except any amount in excess of cost-control limitations) plus the net cost of the debt service fund (except any non-shared portion over $90 per member).

SECONDARY cost is the part of shared cost not included under primary cost.

*CANCEL NEGATIVE is an arithmetic means of bringing a negative value for aid computed under primary and secondary up to zero. The levy rate shown on this line will always be negative, since the effect of cancelling negative aid is to reduce the local tax obligation.

MEMBERSHIP ADJ. shows the increase in cost and aid which results from using the augmented, rather than the actual, membership. Cost increases slightly because the larger membership affects the $90-per-pupil maximum debt-service cost. Aid increases because (1) the additional membership raises the primary ceiling cost, causing more cost to be shared at the primary level, and (2) the guaranteed valuation is higher at both the primary and secondary levels. (The primary ceiling <u>per member</u> and the guaranteed valuations <u>per member</u>, of course, remain unchanged.)

PPTR is personal-property tax relief. It is the additional amount of aid generated by using an equalized valuation with fractional assessment of personal property. The lower tax base means the district is in need of additional equalization aid.

SPECIAL ADJ. aid is paid under the provisions of Statute 121.10 and provides for payment of half the amount of aid loss in a district which meets the following conditions: (1) it suffered an aid loss from 1979-80 to 1980-81 [16 points]; (2) its equalized valuation per member is less than the primary guaranteed valuation per member [8 points]; (3) its equalized valuation per member grew faster than the statewide average for that type of district [4 points]; (4) its secondary cost is less than 20% of its primary cost [2 points]; and (5) its equalized valuation per member is less than the secondary guaranteed valuation per member [1 point]. If a district accumulates more than 28 points, it is eligible for special-adjustment aid. The qualifying score is listed on the total line in the NOTES column.

TIF (tax-incremental finance) or supplemental aid, paid under the provisions of Statute 121.085, is the additional amount of aid generated by using an equalized valuation with the TIF increment (if any) excluded. The lower tax base means the district is in need of additional equalization aid.

PRORATION is a negative value representing the deduction of 3% of the aids computed under the foregoing provisions from the district's total entitlement, as prescribed by Section 39 of Chapter 1 of the Laws of 1981. The levy rate on this line will always be positive, since the effect of reducing state aid is to increase the local tax obligation.

NON-SHARED cost is that part of the net cost of the debt service fund which exceeds the $90 per member subject to sharing by the state. No aid appears on this line, since these costs are, by definition, not shared.

EXCESS cost is that part of the net cost of the general fund which exceeds the cost-control maximum under Subchapter 7 of Chapter 121 of the statutes. No aid appears on this line, since Statute 121.155 prohibits the sharing of excess cost. However, the levy rate shows the effect of the district paying for such costs out of the local property tax. Districts are allowed to file appeals and requests for adjustment with the state superintendent, or to conduct local referenda, to cause the excess cost to be shifted into shared cost; however, no such actions have been taken into account as of the date of this computer run.

TOTAL cost is the sum of the primary cost and (if any) the secondary, membership-adjustment, non-shared, and excess costs. Total aid is the sum of the primary aid and (if any) the secondary, cancel negative, membership-adjustment, PPTR, special-adjustment, TIF, and proration aids. The number shown under NOTES is the qualifying score for special-adjustment aid, as described above.

MISCELLANEOUS

ROUNDING of individual items may mean that they will not add exactly to the totals shown.

LEVY RATES are of several different types. (1) The <u>required</u> levy rate is the shared cost divided by the guaranteed valuation at each level of sharing. (2) The <u>indicated</u> levy rate (shown herein) is the cost minus the aid for any given line divided by the *prior-year* equalized valuation shown on that line; by law, aid computations must be based on prior-year valuations. (3) The <u>actual</u> levy rate—which may reflect costs or receipts not shown in this section or the district's decision to alter its cash balance—is the amount of property tax levied divided by the *current-year* equalized valuation; by law, local taxes must be levied based on current-year valuations. The actual levy rate is also sometimes quoted on the basis of assessed valuation, which is generally a lower figure than equalized valuation and hence produces a higher levy rate; assessed-valuation levy rates are not comparable from one municipality to another and so are of limited use in publications like this.

SECTION F - A GLOSSARY OF TERMS AND DEFINITIONS

This Section contains a listing of terms with definitions which should enhance clarity and understanding of data in the preceding Sections of Basic Facts.

ABSENCE - Nonattendance of a student on a day or half day when school is in session.

ACCOUNT - A descriptive heading under which are recorded financial transactions that are similar in terms of a given frame of reference, such as fund, function, object, or source.

ACCOUNTING PERIOD - A period at the end of which and for which financial statements are prepared; for example, July 1 through June 30.

ACCOUNTING PROCEDURE - The policy, and systematic arrangement of methods and operations, for recording accounting information so as to provide internal control and produce accurate and complete records and reports.

ACCOUNTING SYSTEM - The total process of recording, retrieving, and reporting information on the financial position and operations of an organization.

ACCOUNTS PAYABLE - Unpaid balances or invoices which are due and owed.

ACCOUNTS RECEIVABLE - Amounts owed to an open account of the district from persons, firms, or corporations for goods and services furnished (but not including accounts due from other funds or from other governmental units).

ACCRUAL BASIS - The basis of accounting under which revenues are recorded when earned or when levies are made, and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made.

ADMINISTRATION - The act of managing or directing all or part of the activities of an organization.

ADMINISTRATIVE JURISDICTION - A geographic area used as the basis for performing one or more administrative functions.

ADMINISTRATIVE PERSONNEL - Staff members on the payroll who are primarily engaged in activities which have as their purpose the general regulation, direction, and control of the affairs of the organization.

ADMINISTRATOR - A staff member who has been given the responsibility to manage or direct all or part of the activities of an organization.

ADULT BASIC EDUCATION - Learning experience concerned with the fundamental tools of learning for adults who have never attended school or who have interrupted formal schooling and need this knowledge and these skills to raise their level of education.

ADULT/CONTINUING EDUCATION - Instruction designed to meet the unique needs of adults and youth beyond the age of compulsory school attendance. This may be provided by a school system, college, or other agency or institution (including a technical institute or area vocational school) through activities and media such as formal classes, correspondence study, radio, television, lectures, concerts, demonstrations, and counseling.

AGGREGATE DAYS OF ATTENDANCE - The sum of the days present (actually attended) of all students for all days in session during a given reporting period.

AGGREGATE DAYS OF MEMBERSHIP - The sum of the days present and absent of all students for all days in session during a given reporting period. The first and last days of membership are determined as the first and last days, respectively, of attendance during a given reporting period.

AMORTIZATION OF DEBT - Gradual payment of an amount owed according to a specified schedule of times and amounts.

ANNUAL SCHOOL COST - The gross expenditures, less current- and short-term loan repayments of the general, special project, debt service and food service funds. Interfund transfers between those funds are not included.

ANNUAL SCHOOL COST PER MEMBER - The annual school cost divided by the current membership.

APPRAISAL - The act of making an estimate of value, particularly of the value of property, by systematic procedures that include physical examination, pricing, and often engineering estimates.

APPRECIATION - An increase in the value of property; the excess of the present value of a given piece of property over its original cost.

APPROPRIATION - A sum of money set aside or allotted by official or formal action for a specified use.

ASSESSED PROPERTY VALUATION - Dollar value of property as determined by the town, village, city, or county assessor for taxation purposes as of January 1 each year.

ASSESSMENT RATIO - The ratio of assessed to equalized property valuation.

ATTENDANCE AREA - The geographic area wherein reside the students normally served by a particular school.

AUDIT - An examination of records and documents and the securing of other evidence for one or more of the following purposes: (a) determining the propriety of proposed or completed transactions, (b) ascertaining whether all transactions have been recorded, and (c) determining whether transactions are accurately recorded in the accounts and in the statements drawn from the accounts.

AUDIT REPORT - The report prepared by an auditor following a complete audit; it should include: (1) scope of the audit, (2) summary of findings, (3) recommendations, (4) certificate, and (5) financial statements.

AVERAGE DAILY ATTENDANCE (ADA) - The aggregate days of attendance of a given school during a given reporting period divided by the number of days school is in session during this period.

AVERAGE DAILY MEMBERSHIP (ADM) - The aggregate days of membership of a given school during a given reporting period divided by the number of days school is in session during this period.

BALANCE SHEET - A formal statement of assets, liabilities, and fund balance as of a specific date.

BOND - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically.

BUDGET - A plan of financial operation embodying an estimate of

proposed expenditures for a given period and the proposed means of financing them.

BUDGETARY CONTROL - The control of management of business affairs in accordance with an approved budget with a view toward keeping expenditures within the authorized amounts.

BUILDING - One continuous structure which may or may not be connected with other structures by passageways. It includes the building itself; the plumbing, cabinets, and shelves which are built into the building.

BUSINESS MANAGER - A staff member performing assigned activities which have as their purpose the management of the organization's business administration functions.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets which are presumed to have benefits for more than one accounting period. It is an expenditure for sites, site improvements, buildings, building improvements, building additions, building remodeling, or initial, additional, or replacement purchase of equipment.

CASH BASIS - The basis of accounting under which revenues are recorded only when actually received, and only cash disbursements are recorded as expenditures.

CATEGORICAL AID - State or federal aid which is intended to finance or reimburse some specific category of instructional or supporting program. The district may use the aid only for the purpose for which it is paid.

CERTIFICATE - The document issued to a staff member by the DPI authorizing the holder to perform services. "Credential", "license", or "permit" are interchangeable terms.

CERTIFICATION - The general process by which the DPI provides a credential to an individual indicating qualification and employability.

CESA - A cooperative educational service agency. Also called an intermediate educational agency (IEA).

CHCEB - A county handicapped children's education board. Also called an intermediate educational agency (IEA).

CHIEF STATE SCHOOL OFFICER - (a) The State Superintendent of Public Instruction, or (b) the comparable official of another state.

CIVIL RIGHTS - Those rights guaranteed to the individual by the constitution and congressional actions, including those cited in the 1964 Civil Rights Act.

CLASS - A group of students assigned to one or more teachers or other staff members for a given period of time for instruction or other activity in a situation where the teacher(s) and the students are in the presence of each other.

CLASS PERIOD - The portion of the daily session set aside for instruction in classes, when most classes meet for a single such unit of time.

CLASS SIZE - The membership of a class as of a given date.

CLASSROOM TEACHER - A staff member assigned to the professional activities of instructing pupils in classroom situations.

CODE DESIGNATION - A number or other symbolic designation assigned to a specific item or category of information for identification purposes.

COMPUTER PROGRAMMING - Preparation of a logical sequence of operations to be performed by a computer in solving a problem or processing data; the preparation of coded instructions and data for such a sequence.

CONSULTANT - A person who gives professional or technical advice and assistance.

COOPERATIVE EDUCATIONAL SERVICE AGENCY (CESA) - One of 19 groupings of school districts, headed by a board of control, charged with implementing and operating cooperative programs between member districts and insuring proper school-district organization. Each district in Wisconsin belongs to a CESA.

COST CONTROLS - Wisconsin laws which limit school districts to an annual increase of 10.5% in the controllable cost per member; appeals, adjustments, and referendums can extend the limitations.

COUNTY HANDICAPPED CHILDRENS EDUCATION BOARD (CHCEB) - A branch of county government in eleven Wisconsin counties which provides instructional and therapeutic services to handicapped pupils.

COURSE - An organization of subject matter and related learning experiences provided for the instruction of students on a regular or systematic basis. Credit toward graduation or completion of a program of studies generally is given students for the successful completion of a course.

CROSSWALK - In data processing, a procedure by which codes used for data in one data base are translated into the codes of another data base, making it possible to relate information between or among data bases.

CURRENT MEMBERSHIP - The sum of resident pupils enrolled on the third Friday in September and the average daily membership equivalent for the preceding summer session.

CURRICULUM - A planned structure of courses established for the purpose of the attainment of educational objectives.

DATA BANK - A comprehensive collection of data, usually in machine-usable form, which can be used for such purposes as drawing subsamples for special studies, checking hypotheses, facilitating historical studies, and deriving summations and correlations. Typically, an educational data bank is comprised of component files relating to specific areas of information such as pupils, staff, property, finance, instructional programs, and the community.

DATA PROCESSING - The use of machines and devices in the storing of individual items of information in a form by which they may be rapidly and accurately retrieved, processed, and reproduced as single line items, as lists of items, or in desired combinations with other items.

DAY IN SESSION - A day on which the school is open and the students are under the guidance and direction of teachers. On some days the school plant may be closed and student body as a whole engaged in school activities outside the school plant under the guidance and direction of teachers. Such days should be considered as days in session. Days on which the teaching facility is closed for such reasons as holidays, teachers' conventions, and inclement weather should not be considered as days in session.

DEBT SERVICE - Expenditures for the retirement of principal and

payment of interest on debt.
